

BRIGHT IDEA

ACOUSTIC LIGHTING SERIES

NGA

Great ideas start with Lightbulb moments and Bright Idea signifies just that. Our highly functional acoustic lighting with contemporary aesthetics stimulates creativity in any environment. If you do not wish to install as lighting, Bright Idea can be used without a lightbulb and function purely as room acoustics to help dampen the echo in any noisy environment. In addition, adding Bright Idea to your office or co-working space will not only turn a few heads, but could also spawn some inspiration
