

# FLEXLINE TRIMLESS 7534 T

NGA7534T

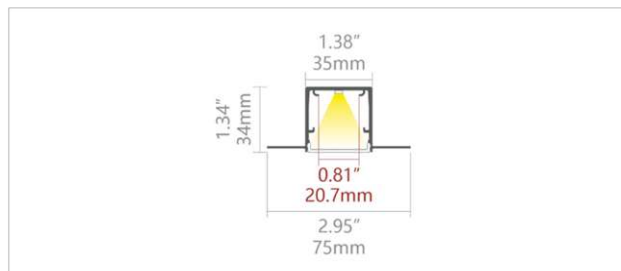

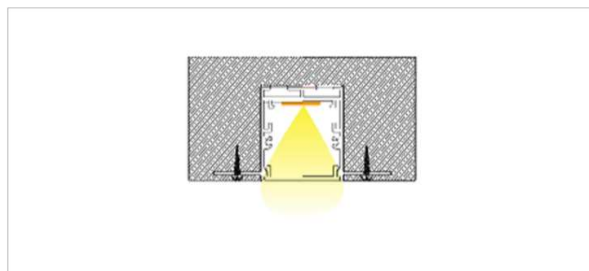

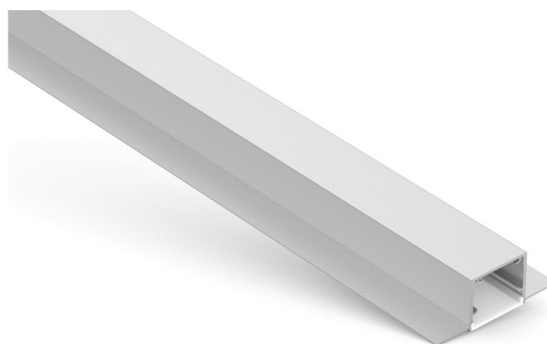

SPECIFICATION SHEET

## PRODUCT DESCRIPTION

A trimless recessed aluminium profile featuring a 60° beam angle and a deeper LED position for softer, more diffused illumination. Designed for seamless integration into plasterboard ceilings, it can be assembled into custom shapes using 180°, 90°, or 120° joiners—ideal for architectural and commercial spaces requiring a clean, low-glare lighting effect.

## PRODUCT NOTES

- When selecting an LED strip for this profile, we recommend a minimum LED density of 180 LEDs/m to achieve homogeneous, dot-free illumination, depending on diffuser type.
- A minimum of 1 LED strip runs per metre is recommended to ensure uniform light distribution and eliminate shadowing.
- Diffuser light transmittance: Opal 63%, New Opal 74%, Frost 89%, Clear 95%, Black 20%.

## TECHNICAL INFORMATION

|                    |   |
|--------------------|---|
| Product Code       | NGA7534T                                |
| Product Group      | Aluminium Profile                       |
| Installation Type  | Plaster-In                              |
| Light Distribution | Direct                                  |
| Profile Material   | 6063-T5 Anodised Aluminium              |
| Profile Finish     | Silver / Black / White / Custom         |
| Diffuser Material  | PMMA                                    |
| Diffuser Options   | Opal / New Opal / Frost / Clear / Black |
