FLEXLINE TRIMLESS 7534

NGA7534TS1

### PRODUCT DESCRIPTION

A trimless recessed aluminium profile featuring a 60° beam angle and a shallower LED position for brighter illumination. Designed with an integrated reflector insert, it improves light output and visual comfort by reducing glare, while maintaining a clean trimless appearance. Suitable for seamless ceiling integration, it supports custom-shaped configurations using 180°, 90°, or 120° joiners—ideal for retail, hospitality, or residential interiors with a focus on visual impact.

PRODUCT NOTES

• When selecting an LED strip for this profile, we recommend a minimum LED density of 180 LEDs/m to achieve homogeneous, dot-free illumination, depending on diffuser type.

• A minimum of 1 LED strip runs per metre is recommended to ensure uniform light distribution and eliminate shadowing.

• Diffuser light transmittance: Opal 63%, Milky 75%, Frost 89%, Clear 95%, Black 20%.

TECHNICAL INFORMATION

Product Code	NGA7534TS1		Profile Type	Straight
Product Group	Aluminium Profile		Dimensions	W 75mm x H 34mm
Installation Type	Plaster-In		Weight	0.776 kg/m
Light Distribution	Direct		Max Power	14.4W/m
Profile Material	6063-T5 Anodised Aluminium		Max Strip Width	13mm
Profile Finish	Silver / Black / White / Custom		Beam Angle	60°
Diffuser Material	PMMA		IP Rating	IP20
Diffuser Options	Opal / Milky / Frost / Clear / Black		Accessories	Aluminium endcaps/ Joiners
